Act

23. Disabled widows and widowers who would be eligible for SSI or SSP except for the increase in their OASDI benefits as a result of the elimination of the reduction factor required by section 134 of Pub. 24. Disabled widows, disabled widowers, and disabled surviving divorced spouses who had been married to the insured individual for a period of at least ten years before the divorce became effective, who have attained the age of 50, who are receiving title II payments, and who because of the receipt of title II income lost eligibility for SSI or SSP which they received in the month prior to the month in which they began to receive title II payments, who would be eligible for SSI or SSP if the amount of the title II benefit were not counted as income, and who are not entitled to Medicare Part A.

— The State applies more restrictive eligibility requirements for its blind and disabled than those of the SSI program.

— In determining eligibility as categorically needy, the State disregards the amount of the title II benefits identified in § 1634(d)(1)(A) in determining the income of the individual but does not disregard any more of this income than would reduce the individual's income to the SSI income standard.

— In determining eligibility as categorically needy, the State disregards only part of the amount of the benefits identified in § 1634(d)(1)(A) in determining the income of the individual which amount would not reduce the individual's income below the SSI income standard. The amount of these benefits to be disregarded is specified in Supplement 4 to Attachment 2.6-A.

— In determining eligibility as categorically needy, the State chooses not to deduct any of the benefits identified in § 1634(d)(1)(A) in determining the income of the individual.
